

## [Running for Rare for NORD](#)

Support Goodwin's DC Life Sciences Team as they raise money for the National Organization for Rare Disorders (NORD) as part of its "Running for Rare" team at the annual 10K race held during the upcoming DC Marine Corps Marathon on October 27th.

Assist NORD's mission to drive public policy, accelerate research and improve care for people living with rare diseases by donating [here](#).

Learn more about Goodwin's Rare Disease Initiative [here](#).

---

## [NORD Annual Breakthrough Summit](#)

In October, NORD will also hold its annual Breakthrough Summit in Washington, DC on October 20-22, 2024. This event draws over 1,000 attendees including patients/caregivers, patient advocacy organizations, and healthcare, biotech, and medical technology companies. Registration is available [here](#). This year, [Matt Wetzel](#) will take part in a panel discussion on the growing role of medical devices in the rare disease community.

## [A Look Ahead in Life Sciences: What We Are Tracking in the Fourth Quarter of 2024 and Beyond](#)

As the life sciences, medtech, and diagnostic industries continue to expand and grow increasingly complex, so does the legal, regulatory, and compliance landscape. To help companies and investors navigate the many evolving and emerging laws and regulations across pharmaceuticals, biologics, medical devices, diagnostics, and laboratory testing, our Life Sciences Regulatory & Compliance team has provided an overview of key developments. We update and publish a quarterly tracker detailing these developments. You can read about the Q4 2024 updates [here](#).
